

HansaWorld, a global ERP and CRM business software vendor, is seeking to employ a Product Manager for our Asia Region based in Singapore.

PRODUCT MANAGER

HansaWorld is looking for a motivated self starter to join us as a Product Manager. The Product Manager is responsible for making sure the product/products are ready for distribution in the local market, following the established policies and procedures. We offer superb training and career development opportunities with a friendly and dynamic environment. HansaWorld provides the chance to learn technical and business skills and be part of a team delivering cutting edge technology to our Customers and Partners.

Responsibilities:

- Ensure the software complies with local legislation and business practices
- Write specifications for necessary modifications
- Manage translation and conduct quality assurance (testing)
- Provide support, training and consulting services to local customers and partners
- Project manage strategic and test/development customers
- Be the main point of contact for all product-related issues
- Maintain a high level of product knowledge in the Asia HQ

Skills:

- Excellent communication and presentation skills
- Excellent planning, organisational and coordination skills
- Flexibility to adjust to new environment and processes
- Self starter and self-motivated

Requirements:

- Bachelors degree
- Few years experience in accounting, business or programming is beneficial
- Must be highly fluent in business Chinese
- Experience in a fast paced office environment
- Excellent English language skills
- Driving license
- Singaporean or PR preferred

Organisation Relationships:

The Product Manager reports directly to the General Manager and to other HQ staff when required.

Benefits:

- Opportunity to travel internationally
- Potential for rapid professional growth
- Work as part of a diverse international team
- Competitive salary
